solana

honed concrete tile

solana honed concrete tiles are dimensionally accurate and installed with the ease of tile. simply thin-set, using a rapid-setting adhesive equivalent to laticrete 254R platinum rapid, over a level and cured slab. use quality sanded grout like laticrete perma color grout.

once installed, the surface should be buffed using the htc twister cleaning system and sealed using prosoco polishgard. pads and sealer are available from concrete collaborative.
