colors

alabaster terrazzo

ebony terrazzo

shale terrazzo

ivory terrazzo

fossil terrazzo

pewter terrazzo

each tile features only the finest natural stone aggregates of granite and marble. all natural raw materials create movement in tone, variation in exposed stones, and character unique to concrete terrazzo and slab surfaces. venice is a great alternative to poured terrazzo and natural stone counters.

rectified tile formats create clean lines and a framework for design. we offer a standard polished edge to be used on stair-treads, base tile and other finished edge needs. well suited to stair-tread use.

[collaborate with us](#): custom size modules up to 48" (1200mm) available to suit your specific project.

venice

terrazzo tile and slab

venice terrazzo tiles are dimensionally accurate and installed with the ease of tile. simply thin-set, using a rapid-setting adhesive equivalent to laticrete 254R platinum rapid, over a level and cured slab. use quality sanded grout like laticrete perma color grout.

once installed, the surface should be buffed using the htc twister cleaning system and sealed using prosoco polishguard. pads and sealer are available from concrete collaborative.

venice terrazzo slabs can be cut, mitered, laminated and installed using standard fabrication techniques.
